

Has Christ called you to be an Open Door?

Habitat for Humanity is a Christian ministry answering the call of the gospel to respond to our neighbors in need. What better partners could we have than local churches?

The Church Relations Committee of Coles County Habitat for Humanity is looking for some "Door Openers" – people who can help us keep the lines of communication open with their church in order to explore ways in which Habitat and churches can build a mutually beneficial partnership.

Habitat for Humanity can not only help provide affordable, decent homes to people in your congregation, but they can also:

- Help people see the spirit of God at work outside the four walls of the church
- Help a church fulfill its mission to minister to persons who are in need
- Attract new members and bring energy into a congregation
- Enable individuals to experience spiritual growth
- Be a means for identifying and developing leaders within the church

As an "Door Opener" liaison with the Habitat Church Relations Committee, you could help us by:

- Receiving and distributing information about applying for a Habitat home to people in your congregation
- Receiving and distributing news updates from Coles County Habitat for Humanity
- Directing people to us who would like to give their time, talent or treasure to a Christian ministry

We realize that a pastor cannot always serve the church in every facet. Therefore, we are looking for key people in churches to help us spread the word. If this service opportunity appeals to you, please contact us at:
